DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 and 10-14 are allowed.
2. The following is an examiner's statement of reasons for allowance: The closest prior art of record is the DE reference relied upon in the final office action. Applicant has claimed a composition comprising at least 15% of lipophilic perfume. The reference discloses compositions comprising up to 20% of a perfume oil microemulsion, but *of that emulsion*, only as much as 50% is perfume oil, and another 10% may be additional oil (translation, p. 3, section b). Accordingly, the compositions can be, at most, 60% of 20%, or 12% oil. With no motivation to add more oil, the reference does not disclose or make obvious the limitations of the present claims.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
